

Dulwich Hamlet Educational Trust
Scheme of Delegation

Revised October 2018

The Dulwich Hamlet Educational Trust

Scheme of Delegation

Introduction

1. This document outlines the main responsibilities and delegated powers of the different parties in the operation of the Dulwich Hamlet Educational Trust (the Trust). It consists of background, a checklist, an expansion of the checklist, a table of authorisation limits and diagrams showing the committee structures of the Trust and the Local Governing Bodies.

Establishment of committees

2. The Secretary of State for Education has entered into an agreement with the Trust to run the schools in the Trust and the Trust Board is responsible for the standards and operation of the schools.
3. The Trust Board determines the membership and proceedings of any committee, having regard to the requirements of the Articles of Association. Only the Trust Board can take decisions on the delegation of powers, including the establishment of committees, the approval of terms of reference, the appointment of Trustees and Governors (with the exception of parent or staff Governors) or non-Governors to any committees, or the delegation of any powers to a committee or an individual (for example, the Chair of the Trust, Chair of the Local Governing Body or the Heads of School). The Trust Board must review the terms of reference, constitution and membership of committees or sub-committees.
4. The Trust Board will establish a Local Governing Body in each school, with agreed delegation arrangements. The committee structure of the Local Governing Bodies may include the sub-committees detailed within this document. The Local Governing Body must also review the establishment, terms of reference, constitution and membership of any committee or sub-committee. Each committee must have a chair, who is either appointed by the Local Governing Body or elected by the committee. Either the Trust Board or the Local Governing Body may remove the chair of a committee from office at any time.

Appointment of Committees

5. Good practice requires the Trust Board to keep the delegation arrangements under regular review, at least annually. The arrangements should be approved each year, (e.g. at the first Trust Board Meeting in the autumn term).
6. The Trust Board or Local Governing Body may appoint non-trustees and non-governors to any of the committees providing that, on committees of the Trust Board, Trustees form the majority of voting members of the committee, or in the case of Local Governing Bodies, Governors (a) form the majority of the members of the committee; (b) are in the majority at any meeting of the committee; and (c) take the chairmanship of the committee. In addition, the Local Governing Body may, if it wishes, enable any of the non-governors to be *voting* members of the committee.

Retention of Powers

7. Some key decisions cannot be delegated and must be taken by the Trust Board. In these cases the Trust Board may still ask a person or a working group/committee to consider issues and make *recommendations* to them, as long as the full Trust Board takes the decision. This is also true for the Local Governing Body, where some key decisions cannot be delegated and must be taken by the Local Governing Body. Again, the Local Governing Body may ask a person or a working group/committee to consider issues and make *recommendations* to them, so long as the Local Governing Body takes the decision. The Trust Board and Local Governing Bodies should distinguish between committees which have delegated powers and working groups/parties or informal groups which do not.
8. The Trust Board is the employer of all staff and therefore is the final appeal body in matters of pay and staff discipline.
9. The Trust Board is the admissions authority for all schools in the Trust.
10. The Trust Board will agree the final budget for the Trust and each school.
11. Delegated bodies, other than the Local Governing Body and the Executive Head Teacher, cannot delegate further without specific approval. Delegated bodies must report on any decision to delegate further and on decisions made under delegated powers.

- 12.** Consideration of issues relating to staff dismissal and appeals must be delegated to the Staff Discipline Committee and Staff Appeals Committee.

Financial Delegations in DHET

These delegation levels are updated from those approved by the Board in 2017 and incorporate the latest guidance in the Academies Financial Handbook as well as building on experience. The overriding objectives of these delegations are to ensure openness, accountability, clarity and control of public money.

The general principle in revising the delegations has been to reduce the number of levels and simplify procedures where possible.

Limits on authorising expenditure on any individual project/contract

Site Manager (<u>emergency</u> minor building repairs)	Up to £500
Head of Finance/School Business Manager	Up to £5,000
Executive Head and Heads of School	From £5,000 and £30,000

Board of Trustees	Over £75,000

Each project/transaction should be documented and a paper/electronic record of decisions taken available for subsequent audit inspection.

Repeat Business:

Where a contractor is used repeatedly by the Trust for relatively lower value jobs the delegations above will apply for cumulative expenditure. For example: if expenditure with the same provider on projects costing £8000, £9000, £7500 has been incurred, a further project costing £6000 will require LGB sign-off. The cumulative limit applies to a 3 year period.

BACs Payment Authorisation

Two designated signatories (Head of School or Executive Head, and School Business Manager). If the payment is over £20,000 is not a transfer between schools and not in line with previously approved budgets/project budget (capital), approval from the Board of Trustees should be sought.

Novel or contentious payments or investments*/Borrowing

Special payments

Special payments are transactions that are non-statutory or non-contractual, and which are therefore subject to greater control than other payments. They include severance, compensation and ex-gratia payments:

- Severance payments up to the equivalent of three month's pay (and on advice of the Trust's approved HR consultants) may be approved by the Executive Head. Non-contractual payments of £50k or more require ESFA approval.

Payments that fall within wider Trust policies are not ex-gratia (for example, decisions related to additional paid leave fall under the discretion of the Head of School and Executive Head, and do not require further approval). Ex-gratia payments must have approval from the Board of Trustees and be in line with the guidance given in the Academies Financial Handbook, Section 3.7. All ex-gratia payments require prior authorisation from ESFA, regardless of the amount.
