HEALTH AND SAFETY POLICY AND PROCEDURES

This page is intentionally blank.

CONTENTS

GENERAL POLICY

A declaration of our intent to provide and maintain, so far as is reasonably practicable, a safe and healthy working environment and to enlist the support of our employees in achieving these goals.

ORGANISATION AND RESPONSIBILITIES

This section sets out the health and safety responsibilities of key personnel within the organisation.

SAFETY ARRANGEMENTS

This section explains the systems and procedures that will be used to form the basis of our health and safety regime.

SAFETY RECORDS (this section may be in a separate folder)

This section contains;

- An Annual Review of our Health and Safety System and Procedures.
- Periodic Checklists created specifically for individual roles and responsibilities.
- A comprehensive source of records relating to statutory examination periodic inspection and testing of the work equipment and installations used by our organisation. Records relating to Fire Safety Management will be found in your Safety Management System.
- A system for keeping health and safety training records.
- A section for accident and incident reporting, and investigation.

HEALTH AND SAFETY POLICY

GENERAL POLICY

This Health and Safety Policy contains a plan detailing how we manage our health and safety issues. The policy sets out our commitment to manage risks and provide good standards of health and safety and also to meet our legal duties. Health and safety is an integral part of how we do business as a responsible employer and we have put in place the necessary organisation and arrangements to achieve this. This policy has been initiated after carrying out a full appraisal of our health, safety and welfare requirements and will be reviewed periodically (at least annually).

Health and Safety General Policy Statement

This is a declaration of our intent to provide and maintain, so far as is reasonably practicable, a safe and healthy working environment and to enlist the support of employees towards achieving these goals. The General Policy statement is brought to the attention of all employees by publication in the main policy manual and in the Employee Safety Handbook. It may also be included on notice boards in our premises.

Organisation

This part of the Policy details the health and safety responsibilities of key personnel within our organisation. These responsibilities are fulfilled by completion of various Safety Records, pro-formas and records in relation to on-going maintenance activities, training, accident reporting, and investigation, and actions that have taken place.

Relevant legislation

This page sets out details of the main statutes and regulations affecting health and safety at work that are currently in force.

Safety Arrangements

This part of the Policy explains the systems and procedures in place for managing individual topics or subjects for which our business is responsible.

To assist us with our duty we have retained Peninsula Business Services Limited to provide information and guidance on how these provisions should be managed and recorded.

We accept that we cannot discharge our responsibility for managing health, safety and welfare within the workplace to others outside our employ. Use of the above documents will aid our success in fulfilling these responsibilities.

HEALTH AND SAFETY GENERAL POLICY STATEMENT

At Dulwich Hamlet Junior School we recognise our duties under current health and safety legislation and we will endeavour to meet the requirements of this legislation and maintain a safe and healthy working environment. Our Managers and Supervisors are informed of their responsibilities to ensure they take all reasonable precautions, to ensure the safety, health and welfare of those that are likely to be affected by the operation of our business.

Dulwich Hamlet Junior School recognises its duty to make regular assessment of the hazards and risks created in the course of our business.

We also recognise our duty, so far as is reasonably practicable:

- to meet our legal obligations to maintain safe and healthy working conditions;
- to provide adequate control of the health and safety risks so identified;
- to consult with our employees on matters affecting their health and safety;
- to provide and maintain safe plant and equipment;
- to ensure the safe handling and use of substances;
- to provide information, instruction, training where necessary for our workforce, taking account of any who do not have English as a first language;
- to ensure that all workers are competent to do their work, and to give them appropriate training;
- to prevent accidents and cases of work related ill health;
- to actively manage and supervise health and safety at work;
- to have access to competent advice;
- to seek continuous improvement in our health and safety performance and management through regular (at least annual) review and revision of this policy;
- to provide the resource required to make this policy and our Health and Safety arrangements effective.

We also recognise;

- our duty to co-operate and work with other employers when we work at premises or sites under their control to ensure the continued health and safety of all those at work;
- our duty to co-operate and work with other employers and their workers, when their workers come onto our premises or sites to do work for us, to ensure the health and safety of everyone at work.

To help achieve our objectives and ensure our employees recognise their duties under health and safety legislation whilst at work, we will also inform them of their duty to take reasonable care for themselves and for others who might be affected by their activities. We achieve this by explaining their duty and setting out our company health and safety rules in an Employee Safety Handbook which is made available to every worker employed by us.

In support of this policy a responsibility chart and more detailed arrangements have been prepared.

Signature **Date**

Position

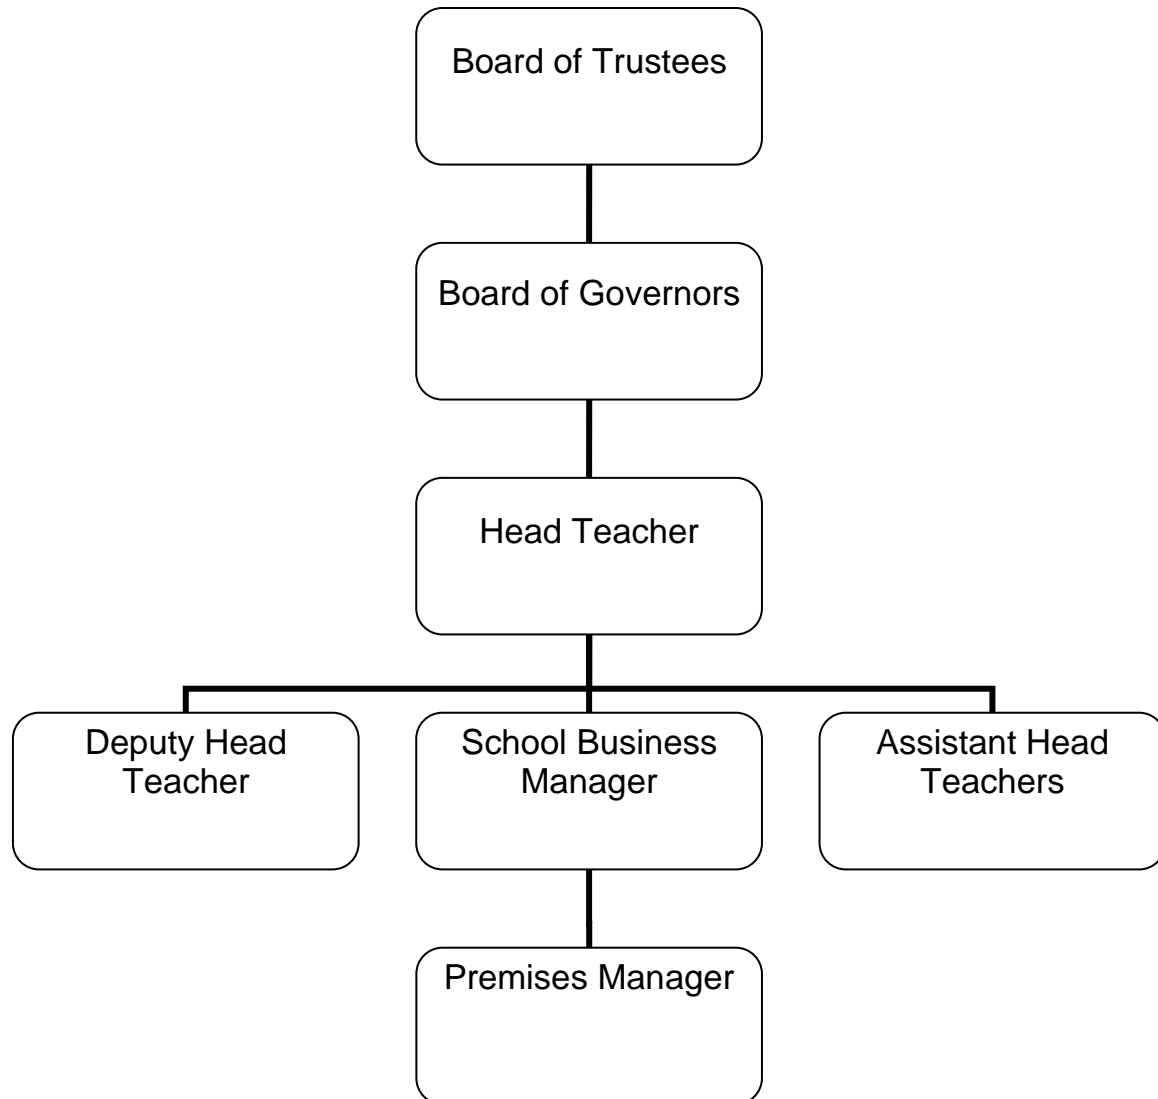

The policy is reviewed on a periodic basis.

ORGANISATION

Health and Safety Management Structure

Although the Board of Trustees have overall responsibility for the implementation of this policy day to day responsibility for particular issues has been delegated to key personnel.

The management structure within our business is shown here and the allocation of day to day responsibility for particular health and safety issues is shown in the Responsibility Chart which appears later in this document.

HEALTH AND SAFETY MANAGEMENT RESPONSIBILITIES

The Board of Trustees have recognised that they retain overall responsibility for health and safety matters. They also recognise that the business needs to take action in respect of the key points listed here. In managing these matters emphasis is placed on recognising hazards and potential risks and then taking steps to minimise their effects on employees and others.

General

- Provide and resource an effective health and safety management system.
- Provide a suitable means of consultation with employees on health and safety matters.
- Ensure that adequate Employers' Liability Insurance cover is arranged and maintained.
- Ensure that health and safety implications are considered when acquiring new equipment and machinery.
- Ensure that contractors (when employed) are competent and monitored during work.
- Ensure that a process is in place to identify and report hazards.
- Ensure that all employees are provided with appropriate health and safety training.
- Provide measures to protect the health and safety of employees working alone.
- Monitor the health and safety performance of the organisation.

Occupational Health

- Ensure that adequate procedures are in place to identify and address occupational health risks.
- Ensure that the measures required to reduce and control employees' exposure to occupational health risks are in place and used.
- Implement measures to reduce stress within the workplace.

Accidents, Incidents and First Aid

- Record accidents and incidents.
- Complete accident and incident investigations, identify causes and measures for prevention.
- Ensure that applicable injuries, diseases and dangerous occurrences are reported to the Enforcing Authority.
- Ensure that adequate first aid arrangements are in place.

Fire and Emergency Arrangements

Ensure that;

- Adequate arrangements are in place to deal with fire safety at our premises or at our client's premises.
- Employees are aware of the fire and evacuation arrangements and other emergency procedures.
- Emergency equipment is provided, tested and maintained appropriately.
- Adequate Fire Risk Assessments are completed.

Risk Assessment

Ensure that;

- Risk assessments are undertaken and Safe Systems of Work are produced for all activities that pose a significant risk of harm.
- Risk assessments are documented.
- The outcomes of risk assessments are communicated effectively to employees and others.

Premises

- Provide a suitable and safe working environment for employees with adequate welfare facilities.
- Ensure that the fixed electrical installation is adequately installed and maintained.
- Introduce and maintain measures to control and manage the risks posed by asbestos.
- Ensure good housekeeping standards are instigated and maintained.
- Provide suitable and sufficient maintenance of the facilities provided within the workplace.

Equipment

Ensure that;

- All equipment provided by the organisation is suitable and properly used.
- All work equipment is adequately maintained and safe.
- Portable electrical appliances are adequately maintained, inspected and tested.
- Appropriate hand tools are provided and maintained.
- Any Personal Protective Equipment (PPE) provided gives suitable protection, is used and that employees are given information, instruction and training on its use.

Substances

Ensure that;

- All substances are used safely.
- All substances are appropriately stored.

The Responsibility Table on the next page identifies the specific health and safety responsibilities and identifies the individuals they are allocated to. Employees with allocated responsibilities should refer to the associated Safety Arrangements set out later in this policy document.

MONITORING

The operation of this policy and arrangements is actively monitored through the periodic review of our completed Safety Record Forms and also by using Periodic Workplace Checklists. The Board of Trustees have overall responsibility for this, but some of the routine tasks may be delegated. We also use an Annual Health and Safety Review form to determine whether our existing health and safety procedures and arrangements are adequate.

People who have delegated responsibilities under this policy will also complete Periodic Checklists of compliance with the policy and procedures arranging for remedial actions to be taken where necessary. The outcomes of these periodic reviews will also be taken into account during the annual review.

Monitoring and review help us to check the effectiveness of our Safety Management System.

RESPONSIBILITY TABLE

This Responsibility Table illustrates the allocation of individual health and safety responsibilities to the personnel / management position identified within its header.

Key

BoT - Board of Trustees

BoG - Board of Governors

HT - Head Teacher

DHT - Deputy Head Teacher

SBM - School Business Manager

AHT - Assistant Head Teachers

PM - Premises Manager

Note:

People with delegated responsibilities for health and safety issues should ensure that the required risk assessments and safety records are completed, either by them or by others and that the required control measures are implemented when work activities take place.

Where more than one person has been assigned responsibility to a particular subject, each should ensure that they have fulfilled their responsibilities in the areas under their control and completed the relevant records. Together they need to check that collectively the organisation has covered all aspects of safety management for the subject.

RELEVANT LEGISLATION

In most cases Health and Safety legislation requires common sense, reasonably practicable precautions to avoid the risk of injury or ill-health at work. Our Health and Safety Management System does not quote specific legal references; giving instead the information and detail of what is required in practice to secure compliance. If the guidance and requirements of our Health and Safety Management System are adopted compliance with the legal requirements will be achieved.

This page sets out, for the record, details of the main statutes and regulations affecting health and safety at work that were in force when this policy was prepared. The BusinessSafe Online Reference Library contains a similar list which will always be up to date. The document is titled 'Health and Safety Legislation (UK)'.

Not every piece of the legislation will apply to our operation on a day to day basis, but we need to be aware of them should circumstances change.

Further detail and access to the specific wording of each of these legal requirements is available from the BusinessSafe 24 Hour Advice Service on 0844 892 2772.
