

Primary School Sport Premium at Dulwich Hamlet Junior School 2015-16

Our Vision

At Dulwich Hamlet Junior School we aim to establish a sporting culture that: enables and encourages all children to play and enjoy sport, encourages and promotes healthy lifestyles and celebrates achievement. We have an established number of before-school, lunchtime and after-school clubs for our pupils offering a wide variety of sporting opportunities for all age groups. We enter numerous school sport competitions to allow children to be competitive (with much success) and are constantly developing our PE programme.

We aim to:

1. Improve the quality of the school P.E. programme by:
 - Using assessment tools for pupils and staff to identify areas for development
 - Delivering P.E. focused staff training through staff meetings and INSET days
 - Employing sports specialists to teach pupils and mentor staff
 - Investigating and exploring good practice from other schools to further improve our own P.E. curriculum
2. Offer a wide-range of extra-curricular sports club to develop children's skills and involvement in sport.
3. Provide additional training and coaching for children in school teams to develop their skills.
4. Foster links between local clubs to provide outlets for children identified as being gifted and talented.
5. Enter teams into a wide range of school sport competitions.
6. Create inter-school sport competitions to provide further competitive opportunities for as many of our children as possible.
7. Give children the opportunity to develop leadership skills as they move through the school.
8. Deliver an exciting and memorable sports day.
9. Link a sports event with a charity scheme to support the wider world.

What is the Sports Premium?

The Government is providing additional funding of £150 million per annum for each academic year until 2020 to provide new, substantial primary school sport funding in order to improve the provision of physical education and sport in primary schools. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to schools to be spent on improving the quality of sport and PE for all their children. All state-maintained schools, academies, middle schools, special schools and pupil referral units which have primary aged pupils (as reported in the 2013 school census) will receive the funding.

This funding is ring-fenced and therefore can **only** be spent on provision for PE and sport in schools. We will be held accountable for how we have used the additional funding to support pupils progress and participation in PE and school sport. We are required to publish on-line information about how we have used the additional funding, including details about our sporting provision alongside curriculum details. This will ensure that parents/carers and others are made fully aware of the PE and sporting provision at Dulwich Hamlet Junior School, Southwark.

Allocation:

All schools with 17 or more primary-aged pupils will receive a lump sum of £8000 plus a premium of £5 per pupil. Smaller schools will receive £500 per pupil.

For the academic year Sept 2016 – July 2017 (based on 390 primary aged pupils) we will receive an amount of £9955.000

The Sports funding will be used to:

- Continue our membership of the London PE & School Sport Network based at Bacon's College, which will provide wide-ranging benefits.
- Invest in the professional development of staff and the subject leader to increase their ability to deliver high-quality P.E. for years to come.
- Employ qualified sports coaches for longer to work alongside teachers in curriculum PE and extend our extra-curricular clubs offer; make links to other community sports providers.
- Develop the 'Young Leader' programme whereby Year 5 and 6 children take on responsibility for leading lunchtime clubs.
- Support and engage the least active children through new or additional sporting opportunities during the school day.
- Increase the amount of competitive sport in which all of our children participate, through intra and inter-school fixtures, and the London Youth Games.
- Continue to utilise Griffin field on a regular and consistent basis for curriculum PE, before-school clubs and matches.
- Raise the profile of girls in all sports in particular rugby, football and cricket.

Impact:

We will evaluate the impact of the Sports Premium funding as part of our normal self-evaluation and provision mapping arrangements. We will look at how well we use our Sport Premium to improve the quality and breadth of PE and sporting provision, including increasing participation in PE and sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of. This year we have followed on from last year and delivered a targeted 'Health and Well-being' programme to our Year 5 classes.

Measuring the impact of the activities provided with sports premium funding can be achieved in different ways. We will look at progress in PE as well as other areas of development such as self-esteem, confidence and the numbers of pupils involved in sporting activities in and out of school. We will also evaluate the impact of professional development opportunities in improving teaching and learning in PE. By the end of the academic year we will publish statistics showing the participation rates in competitive sporting opportunities. In 2012 56% of our pupils represented the Hamlet at a sporting event. In the academic year 2013-14 that figure increased to 84%. This year I am pleased to report that figure has increased to 90.5%. All our pupils were invited to participate the 9.5% that didn't were either absent with illness or declined to take part. Weather played a part on 5 occasions fortunately some fixtures were re-scheduled.

Through our association with Bacon's college and our access to the 'Real PE' resources, we are being much more thorough with our assessment of pupils and teachers in order to improve both teaching and learning. This is achieved by using a range of tools including baseline assessments and self-assessment wheels which highlight areas for development. We aim for all children to have a clear idea of where they are with their PE learning and what they need to do to make progress.

- Before and After Sports Clubs on offer: netball, hockey, football, cricket, rugby, circuit training, cross-country, yoga, tennis, table tennis, volleyball, athletics and dance.
- Specialist and additional coaches include: Old Alleynian Rugby club, Progressive Sports, JAGS School Sports Mentors.
