

Monday 14th June 2021

Re. Y6 Remote Learning Monday 14th June - Monday 21st June 2021

Dear Y6 Parents and Carers,

Thank you for your support in the sudden switch to remote learning this morning! As you can imagine, the Year 6 team have been very busy making plans for the week's learning and we have already kicked this in to gear with a class meet, English and Maths today. This letter will outline the expectations for remote learning and provide you with a timetable for the rest of the week.

Assembly

Children are expected to join the whole school assembly at 9.05 on Tuesday and Wednesday and at 2.40 on Friday. The link will be posted each day on the GC streams.

Class Meets

Each morning, after assembly on Tuesday and Wednesday and at 9.05 on Thursday and Friday, there will be a class meet. There will be a register taken and any key feedback or messages given to the class. The class will also be reminded of the day's timetable.

Lessons

Children will be provided with English, Maths and at least one other subject a day. These lessons will be broadcast live on the Year Group meet link unless told otherwise. The lesson will be recorded and uploaded later in the day if children are sharing devices or are having trouble with their internet connection. Adults are on the stream to help with any issues connecting to the Google Meet.

It is important that children are muted (unless told otherwise) and do not have their mobile phones during lessons. Already today some lessons were disrupted by mobiles going off, children leaving and re-joining the meet purposefully to avoid being called on and children unmuting to disrupt the lesson – this will not be tolerated and children may be removed from lessons and you may receive a call if your child does this continuously. If they are removed, it is expected that they will access the recorded lesson as it becomes available, within their own time to complete their learning and ensure continuity.

After each live input, there will be independent work set for children to complete. All work will be due in at 3.30 the same day so it is important for children to get into the habit of completing the work as soon as the input is finished, as they would in class, rather than leaving it until later.

If there are any problems completing the work, please get in touch with your child's class teacher either on the stream or via email so we can support you.

Feedback

Children will be provided feedback on their work either via private message or as a whole class during morning meets. It is important that your child goes back to the previous day's work each morning to check for feedback as it doesn't come up as a notification.

Production

This week, we had planned to hold 'table reads' with groups of children for production rehearsals. It is really important that children spend time this week learning their lines. Children may be asked to join a Google Meet to read through as a group so please remind your children to check for this on the streams.

	9.05 – 10.00		10.00 – 11.00	11.00 – 11.15	11.15 – 12.15	12.15 – 1.30	1.30 – 3.15
