

# Year 3 Knowledge Organiser - French

## France Facts

The capital of France is Paris.  
Their currency is the Euro.

When you speak French, you have to use a different accent so some of the vowels and consonants will sound different to English.

At DHJS, we learn French Phonics. It helps us to pronounce French words accurately and learn how to spell!

These pictures and actions help us remember our phonics!

## Greetings and basic conversation

Hello	Bonjour
How are you?	Comment ça va?
