

Dear Parents and Carers,

The Year 4 spelling curriculum builds on the phonics children have been learning in Year 3. Children will be learning a wider range of representations for different sounds, with an emphasis on hearing and writing the sounds in polysyllabic words. The aim of the linguistic phonics programme is to develop children’s ability to apply their skills and existing knowledge to reason about spelling, while learning the statutory spellings and rules that make up the lower key stage 2 curriculum.

Please find below the sounds and corresponding spellings and words that Year 4 will be focussing on this half term in dedicated spelling lessons and throughout the week in other curriculum subject areas.

	W/C 15 th April	W/C 22 nd April	W/C 29 th April	W/C 6 th May	W/C 13 th May	W/C 20 th May
Sound	/h/	/j/	/k/	/ul/ /l/	/kw/ /th/	/m/
Spelling	h	d ge	que qu lk ck	al il l	th (soft) nk nd	mme Revise ‘me’ from Y3
Words:	heard heart height history Plus revision of previously learnt sounds	educate due residue graduate charge barge age village	antique unique quarter mosquito walk talk crack track chicken	material natural medal pencil fossil nostril length library particular popular probably	thin bath anthem anything beneath bank chunk pink handkerchief	programme reprogramme some come become someone Plus revision of previously learnt sounds

Words in red are from the Lower Key Stage 2 statutory word list. Please note – words may appear more than once across the term (or multiple terms) but the focus sound/spelling correspondence may be different.

Supporting your child’s spelling:

In school, we will be supporting children to split words into syllables and spell each syllable. The focus syllable will be the one containing the sound of the week. At home, encourage your child to split (segment) words into their syllables and support them to explore the spelling of each one. [There will be a homework assignment on Google Classroom each week](#) to reinforce the learning completed in school so please do support your child to access and engage with this.

Other ways to support your child’s learning at home include playing word games or puzzles, exploring the meanings of words they are learning in class and [fostering a curiosity about ambitious vocabulary](#) and how these words might be spelt. Encourage your child to ‘sound spot’ in texts they are reading independently and with you. Words containing these sounds can be recorded in your child’s reading record. [Please remember that a little bit of spelling chat/recall every day is better for long term memory gain than one mega session once a week!](#) If you have any questions or concerns about your child’s spelling then please do not hesitate to get in touch with your child’s class teacher.

Yours Sincerely,

The Year 4 Team
